## Location

Electric Wharf is a thriving creative canal-side scheme located to the immediate north of Coventry city centre. The Cable Yard is located at the heart of the scheme which itself is at the centre of continuing rejuvenation and regeneration in this 'established and vibrant' area. From junction 9 of Coventry city centre ring road the first right turn into Light Lane leads onto Sandy Lane via St Nicholas Street and the scheme is located on the right hand side before the turning into Widdrington Road. Electric Wharf is within walking distance of the city centre via the new feature footbridge over the canal.

## Description

Unit 1 occupies half the ground floor office accommodation of this stand alone building to the rear of the development, accessed via the one-way entry and exit system, controlled via a keypad entry system. The building was constructed in 2006 as a high eco value building, with both fire and security alarms, along with a shared entrance at ground floor. The unit is fully double glazed, with electric fired central heating, air conditioning, Category 5 cabling throughout, a kitchen unit with fridge and dishwasher, a shower and a shared WC per floor. Unit 1 also benefits from 2 specific car parking spaces and the permits associated, although there are plenty of excess visitor parking spaces available around the development.
